IAPCO 2023 will have an amazing program, that aims to revolutionize the standards of the meeting industry and create an impact.

Get a glance on what our annual meeting will focus on:

- **Developing new talents, preserving the knowledge** – How to recruit, build & manage a diverse and innovative team in terms of mentality and generational orientation
- **The next generation of conferences** – Learn about the next generation of conference organizers and pass on the legacy of the seniors
- **The future of events in a technological world** – What is the future holds for the events industry and how it will evolve with upcoming new and innovative technologies
- **Sustainable events** – The importance of incorporating sustainability programs in the event and how to make a positive impact
- **Turning vision into reality** – Hear from start-ups who have developed an innovative dream into a successful business
- **Catching opportunities** – Positive thinking and ambition as a gamechanger
- **Hackathon** on events and sustainability
